

TECHNICAL INFORMATION

ORIGEN XL 15W-40 SL/CF Engine Oil

Description

ORIGEN XL 15W-40 is high performance PCMO blended with premium quality base oils and latest additive technology, designed to provide maximum wear protection and prevent sludging. **XL 15W-40** base oil mix is perfectly balanced to provide low temperature fluidity for protection during start up and good lubricity at operating temperatures.

Applications

ORIGEN XL 15W-40 is suitable for gasoline and diesel engines on older passenger cars and LCVs. **API SL/CF**

Benefits

- Very good low temperature fluidity for protection during start up.
- HVI base oils provide excellent lubricity at operating temperatures.
- Exceptional engine cleanliness.

Typical Properties

SAE	15W40
Density @ 20°C kg.m ³	0.878
Viscosity @ 40°C cSt	105
Viscosity @ 100°C cSt	14.1
Viscosity Index	136
Flash Point, °C	218
Pour Point, °C	-30
