

TECHNICAL INFORMATION

ORIGEN SUPER OUTBOARD MOTOR OIL NMMA TC-W3 2-Stroke Oil

DESCRIPTION

ORIGEN SUPER OUTBOARD MOTOR OIL is a **premium** quality engine oil specifically formulated for water-cooled 2-stroke engines meeting the requirements of NMMA TC-W3.

The product is premixed with a solvent to facilitate final dilution with petrol.

APPLICATION

ORIGEN SUPER OUTBOARD MOTOR OIL can be used in all makes of outboard motors and jet skis where an ashless oil meeting NMMA TC-W3 is recommended. Suitable for use in snowmobiles.

BENEFITS

- Exceptional deposit control on pistons and ring grooves.
- Excellent protection against saltwater corrosion.
- Prevents spark plug fouling.
- Proven field tests results in DI engines.

TECHNICAL CHARACTERISTICS

Appearance	Clear blend
Viscosity* @ 100°C (cSt)	8.5
Pour Point, °C	-36
Density @ 20°C	0.87

*Viscosity after dilution with solvent

12*1lt

*MSDS available on request.
